RE: Certified Collision Program: Restricted Parts List Update	DATE: August 8,2014	

MBUSA's Certified Collision Program has updated the aluminum parts restriction list.

The restricted parts list is based on WIS procedures designating a Level 3 or 3+ repair for aluminum welding.

When placing an order, you will need the Identification Number (ECCC Code) of the Elite Certified Collision Center sponsored by your Dealership. This ECCC Code was sent to you in January 2013 via email but if you do not know your ECCC's Code, please contact the Collision Team directly (see contact information below)

The parts in the attachment (see below) are available for ECCCs only. For ordering assistance, please contact the PAC at (877) 727-8762. They will place the order and the parts will ship directly to the ECCC.
