RE: Windshield Glue Expiration Detail	DATE: May 18, 2018

MBUSA would like to publish a notice detailing how to read the expiration date on the glue kits.

For this example the expiration date would be 12 months (1b) after the 12 month of 2017 (1a) = December 2018

For this example the expiration date would be 12 months (1b) after the 7 month of 2016 (1a) = July 2017
